HOW VIDEO CAN HELP YOU GAIN MORE SALES

Did you know that 73% of buyers & sellers want to work with a real estate professional that's using video?

We'll be talking through some of the different styles and types of videos, where and when to best utilize them and how they can help you win more business in the long run!

Attend for information on

- The benefits, importance and power of video marketing, backed by statistics from the National Association of Realtors.
- Understanding the different styles of video that are available and ways to go about producing them
- Different places to utilize your video content and where to post it to get better results

About Bobby Cockerille

I've been with HD Bros for over 5 years now and am currently the company's VP and Director of Sales. I started off as a photographer and have worked just about every position this company has to offer. Through that experience, I've been part of over 50,000 successful marketing campaigns and have a unique perspective on video and video marketing that I look forward to sharing!
